

AMIS modules of Master students

Intitulé UE	ECTS
UE Fundamentals of materials science I	6
Elaboration (Part I)	4
Functional materials physics	2
UE Matériaux appliqué	6
Semiconductor physics	2
Microstructures and properties	2
Cristallography	2
UE Applied Materials I	6
Phase transformations	2
Solid state chemistry	2
Introduction to functional polymers	2
Physique du Solide	0
UE Modelling tools and Materials	6
Numerical methods	4,5
Materials families	1,5
UE Etrepreneurship & Innovation Cours	6
Inno-Project I	3
Business Marketing	3

Intitulé UE	ECTS
UE Etrepreneurship & Innovation Cours	6
Summer Camp	3
Inno-Project II	3
UE Applied Materials II	6
Practical labwork	2
Thin films, surfaces and interfaces	2
Elaboration II	2
UE Materials characterisation & Innovation	6
Materials characterisation	4
Strategy and finance	2
UE Sustainability in materials (In GI)	6
Sustainability in Industrial Engineering	6
UE Internship	6
Internship	6
